RUTUJA DHUMAL

Latur, Maharashtra, India | +91 9096130333 | rutuu0228@gmail.com | linkedin.com/in/rutuu0208 | github.com/rutuu0228

PROFESSIONAL SUMMARY

B.Sc. Data Science student skilled in Python, SQL, EDA, Power BI, and Machine Learning. Experienced in turning raw data into actionable insights through cleaning, KPI development, dashboards, and predictive modeling. Seeking Data Analyst, Data Scientist, Business Analyst, or BI/ML internship roles.

EDUCATION

Bachelor of Science (B.Sc.) — Data Science | COCSIT, SRTMUN University | 2024–2027 (currently 3rd Year, 5th Semester)
Second-Year SGPA: 9.68/10 | Class 12 (HSC): 51.17% | Class 10 (SSC): 91.80%

TECHNICAL SKILLS

- **Programming:** Python, SQL
- **Data Analysis:** Pandas, NumPy, Data Cleaning, Data Preprocessing, EDA, Statistical Analysis
- **Visualization & BI:** Power BI, Matplotlib, Seaborn, Dashboard Design, KPI Development, Data Storytelling
- **Machine Learning:** Scikit-learn, Regression, Classification, Model Evaluation, Feature Engineering Fundamentals
- **Full-Stack / Deployment:** FastAPI, React, TypeScript, Supabase (Auth & PostgreSQL), Render
- **Cloud Computing:** Microsoft Azure & Oracle Cloud fundamentals (in progress)
- **Emerging Tech:** Agentic AI (currently learning)
- **Tools:** Jupyter Notebook, VS Code, Git, GitHub, Microsoft 365 Tools, Tableau
- **Soft Skills:** Analytical Thinking, Problem-Solving, Data-Driven Decision Making, Business Communication, Stakeholder Presentation, Attention to Detail, Team Collaboration, Networking, Self-Motivation, Adaptability

PROJECTS

VRITTACARE — Mental Health Score Prediction & Wellness Platform | Python, FastAPI, scikit-learn, React, TypeScript, Supabase — Link | Live App

- Co-built (2-person team) a full-stack wellness platform evolving a Random Forest regression model (R2 = 0.917) into a deployed web app predicting mental health scores from lifestyle/digital-habit data.
- Built and deployed the FastAPI backend (Pydantic-validated REST API, model inference, Gemini-powered chat assistant) with Supabase auth and a React/TypeScript frontend, hosted on Render.

BlinkIT Sales Intelligence Dashboard | Power BI, Data Cleaning, Business Intelligence — Link

- Developed an interactive Power BI dashboard analyzing grocery sales performance, product categories, and outlet characteristics.
- Built KPI-driven visualizations (total sales, item count, outlet performance) to support sales monitoring and inventory planning.

Telco Customer Churn Analysis | Python, Pandas, Matplotlib, Seaborn, EDA — Link

- Analyzed 7,043 customer records across 21 features, cleaning data and identifying a 26.54% overall churn rate.
- Found higher churn among month-to-month contracts, short-tenure customers, and those without Online Security/Tech Support, informing retention recommendations.

HR Analytics Dashboard | Power BI — Link

- Designed an interactive Power BI dashboard analyzing attrition, hiring trends, and department-wise performance with dynamic filters to support HR decision-making.

E-commerce Sales Analytics Dashboard | Power BI — Link

- Built a KPI-driven Power BI dashboard tracking revenue, orders, and regional/product performance to identify high-performing products and customer segments.

CERTIFICATIONS

- **Python for Data Science** — IBM — View Certificate
- **OCI Data Science** — Oracle University — View Certificate
- **Introduction to Career Skills in Data Analytics** — LinkedIn Learning — View Certificate
- **Workshop on Data Analytics Using Power BI** — Newton School — View Certificate
- **Natural Language Processing Fundamentals** — Infosys Springboard — View Certificate
- **Data Analytics Job Simulation** — Deloitte Australia (Forage) — View Certificate

VIRTUAL INTERNSHIP

Data Analytics Virtual Internship | Deloitte Australia (via Forage) — Link

- Investigated business data quality in Excel (Equality Table) and built a Tableau-based Machine Downtime Analysis workbook to communicate operational insights.

LEADERSHIP & ACTIVITIES

TCS BPS Campus Drive Volunteer — COCSIT | Latur | April 2025

- Assisted with campus-drive coordination, supporting HR professionals and communication between students and recruiters.

PROFESSIONAL DEVELOPMENT

- Microsoft Learn & Oracle Learning — Data, AI & Cloud learning pathways (in progress)
